

Latches with spring clip

Item description/product images

Description

Material:

Steel or stainless steel 1.4301.

Version:

Electro zinc-plated, thick-film passivated and sealed with Top Coat.
Stainless steel bright.

Note:

Latches with spring clips for securing and locking hatches, container lids, machine cladding etc. By exceeding the dead centre they resist vibration.
The locking force is applied by tensioning a spring clip.

The latches can be screwed down or riveted. We recommend using countersunk screws for fastening the components.

Order catch plates separately.

Accessory:

Catch plate K2356.
